DRYHILL Mfg

DRYHILL VERTICAL PUMPS

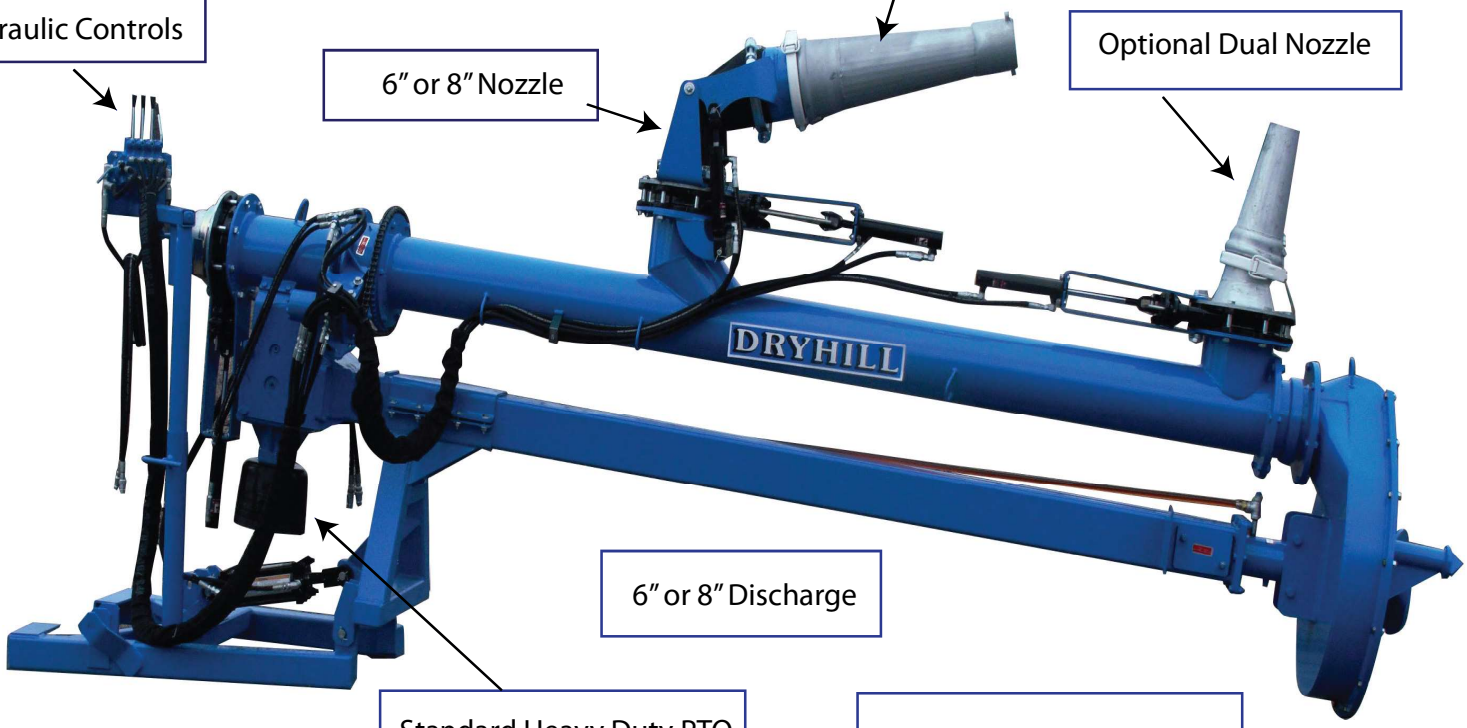
DH 220 2 Point Pump
Also available as a Trailer Hitch Model DH 210

High velocity agitation nozzle 8" - 5" opening for maximum efficiency. Anti swirl device allows for maximum velocity and precision. 270˚ horizontal rotation with 80˚ vertical articulation (hydraulic)

Hydraulic Controls

6" or 8" Nozzle

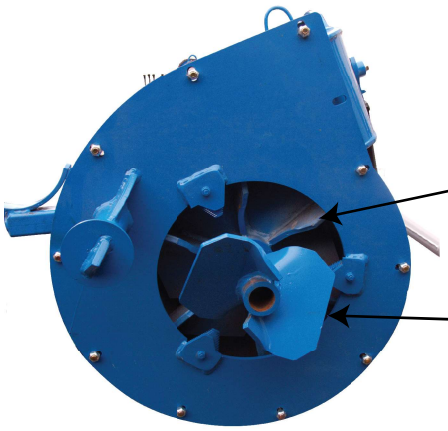
Optional Dual Nozzle



6" or 8" Discharge

Standard Heavy Duty PTO
#55 - 8"
#44 - 6"

Pit Depth of 6', 8', 10', 12'
Dual Agitation Available
Oil Bath Bearing Housing



Self Cleaning Impeller Blades

Shredder blades to break up large chunks.

HP	Impeller	Discharge	Ratio
200	28"	8"	1:1
200	22"	8"	1.1:3.5
150	21"	8"	1.1:3.5
125	20"	8"	1.1:3.5
100	20"	6"	1.1:3.5
90	18"	6"	1.1:3.5

DRYHILL Mfg

DH 255

DH265 Trailer Hitch with Propellor Unit
Available 8′ - 16′

DH255 Two Point with Propellor Unit
Available **8′ - 12′**

Tilts and slides to allow pit access into pits with smaller openings. Ideal for road transport. Comes with gearbox and 20″ propeller for better agitation. Available in 6″ and 8″.

DH 800 - Pit Pump

DH 600 - 6″
DH 800 - 8″
Variable Length 8′ - 12′
With Optional Extension 12′ - 16′
Also available in 10″

DH 650 - 6″
DH 850 - 8″

Pump w/Gearbox and 20″ Propeller

DH 850

DH 850 Trailer Hitch w /Propeller Unit
Available 8′ - 16′

Tilts and slides to allow pit access into pits with smaller openings. Ideal for road transport. Comes with gearbox and 20″ propeller for better agitation.

Available in 6″ and 8″
